

User 12.0 oregional_base

 How to use this app

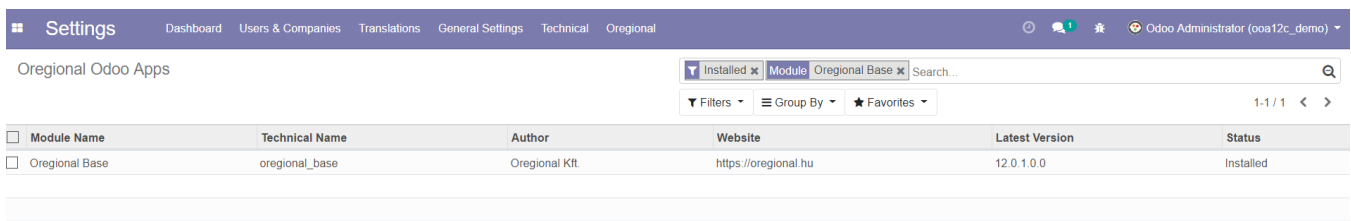

- [Menu](#)

Menu

 The app creates a dedicated menuitem to access and manage Oregional Odoo Apps

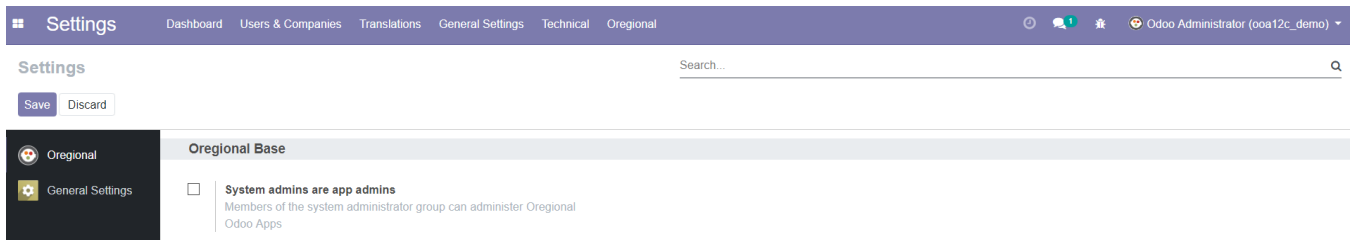

A screenshot of the Odoo Settings application. The top navigation bar is dark blue with the following items: Settings, Dashboard, Users & Companies, Translations, General Settings, Technical, and Oregional. Below the navigation bar, there are three main sections: a gear icon for 'Settings', a list of 'Apps' and 'Settings', and a group of three people icons for 'Users & Companies'.

A screenshot of the 'Oregional Odoo Apps' list in Odoo. The top navigation bar is dark blue with the following items: Settings, Dashboard, Users & Companies, Translations, General Settings, Technical, and Oregional. The user is identified as 'Odoo Administrator (oaa12c_demo)'. Below the navigation bar, there is a search bar and a table of installed apps.

<input type="checkbox"/>	Module Name	Technical Name	Author	Website	Latest Version	Status
<input type="checkbox"/>	Oregional Base	oregional_base	Oregional Kft.	https://oregional.hu	12.0.1.0.0	Installed

A screenshot of the 'Oregional Base' settings page in Odoo. The top navigation bar is dark blue with the following items: Settings, Dashboard, Users & Companies, Translations, General Settings, Technical, and Oregional. The user is identified as 'Odoo Administrator (oaa12c_demo)'. Below the navigation bar, there is a search bar and a sidebar with 'Oregional' and 'General Settings'. The main content area shows the 'Oregional Base' settings, including a checkbox for 'System admins are app admins'.

System admins are app admins
Members of the system administrator group can administer Oregional Odoo Apps
